SELECTMEN'S REPORT

1985 has been a busy year, keeping up with changing times and managing the Town business with the best of our ability, for the benefit of the taxpayers.

Our Town Hall is looking good, and we feel that before a great deal more money is invested, a study committee should be appointed to study future space needs for the Town.

We are still studying our sanitation waste needs. We must arrive at the best solution for the Town of Deering.

Our Rescue Squad under the leadership of Captain Gordon Sherman has the Selectmen's approval to put on-line a rescue vehicle for the Town. This will help to relieve Hillsboro and Weare Rescue Squads who over the past years have faithfully responded to Deering calls.

Our Police Department under the leadership of Chief Alfred Kelley has done a fine job keeping our Town, and our children waiting for their school buses, well protected.

Our Fire Chief William Edes has with guidance from the Fire Wards maintained a good functional Fire Department for the Town. Consideration should be given for establishing a Capital Reserve Fund to purchase new fire trucks. Future consideration should be given to planning a new fire house for the center of Town.

Our Highway Department headed by Peter Beard has increased maintenance operations on our roads. In the last two years with building permits up and demands on our roads increasing, more frequent repair and maintenance is needed. The Highway Department has a great need for another dump truck to haul sand and gravel, also to plow snow. This would reduce private contract expense and make the Department more efficient. For the first time in many years the Town chose to upgrade roads in Deering at the last Town Meeting. We are hopeful that the voters will continue to support the upgrading of more roads in the Town.

The Planning Board Chairman Robert Pilley and Zoning Board Chairman James Wolf have been keeping their Boards busy with subdivisions, preparing a Zoning Ordinance for the Town, and (as directed by State Law) redoing the subdivision regulations.

The Conservation Commission under the guidance of Robert Lorber has been keeping an eye on Deering Lake striving to keep it pollution free.

Once again we thank the many public spirited citizens who serve on the various boards and committees without compensation. We also wish to recognize all our employees for carrying out their respective duties to deliver the services required by the Town. A special thanks to those persons who have given us guidance and support during the year. Thank You.

TRUSTEES OF TRUST FUNDS REPORT

Projects this past year included extensive tree work, either complete removal or trimming. Cemeteries covered included West Deering, Appleton and East Deering. The fence at East Deering was completely replaced, with a two-rail, treated lumber, with urn finials. Funds for the fence came from the Gove Fund.

The Trustees would like to thank the Deering Historical Society for their most generous donation of the signs for each cemetery.

The Trustees have initiated a ten-year plan to upgrade the cemeteries. Prime concern is the condition of the grave stones, many of which are either sinking, or have been broken. The Keene Monument Company was hired this past fall to restore the stones in West Deering. A total of 78 stones were repaired. Repair included new footings of cement, rejoining of broken stone, and the setting in cement for those stones that could not be righted due to extensive breakage. The cost for all stone work was \$1700.

Our goal is to restore or partially restore a cemetery each year. The next project will be stone work in East Deering. Our appropriation this year is for an additional \$2500. towards this project. Due to the downward slide of interest rates, we will be unable to attempt this project without additional funding from the Town.

LIBRARY REPORT

Many residents appreciated the much needed coat of paint given the Library in 1985. However, too few ventured inside to avail themselves of the main purposes of a library.

Your library is open during posted hours every Wednesday from June through October. A selection of books for children and adults is moved to the Town Hall for check out on Wednesdays from 10-12 the remainder of the year. Residents are welcome to take, donate or exchange paperbacks at the Town Hall Monday through Thursday all year.

The Wendall Putnam scrapbook collection was displayed on Town Meeting Day 1985. Children's Story Hours were held in July and August.

The Trustees sincerely thank those who have given books and time. We hope that more residents will make use of their library in 1986.

ROAD AGENT'S REPORT

I am pleased to report that in 1985 the following progress has been made in upgrading Deering's roads:

1. Major reconstruction of Skye Farm Road
2. Ditching, shimming and sealing of Reservoir Road.
3. Continued work on North Deering Road.
4. Continued graveling and improving drainage of the gravel roads.

Our plans for 1986 include the reconstruction of three deteriorating sections of asphalt roads:

1. A $\frac{1}{2}$ mile stretch of Old County Road.
2. A short stretch on East Deering Road.
3. A section of Peter Woods Hill Road.

We also plan to improve the drainage and regravell Longwoods Road. Continue widening the North Deering Road.

In 1986 I will be consulting with a paving engineer to draw up a pavement rating system which will supply us with an accurate though subjective index of the general conditions of each road. This index will be valuable in setting maintenance priorities and enable us to present to the Townspeople in 1987 a realistic long range plan for shimming and overlaying our existing roads with hot asphalt.

In closing I should like to add that while we will be continuing to improve the roads of Deering to handle the added traffic they are being subjected to, we will still endeavor to preserve the scenic beauty that we all so appreciate in our Town.

Peter C. Beard
ROAD AGENT

POLICE DEPARTMENT REPORT

I wish to thank the Townspeople on behalf of the Department for their continued cooperation. The following is a resume of the Department's activities for the year 1985:

Calls to Dispatch	173

Alfred E. Kelley
CHIEF OF POLICE

DEERING FIRE DEPARTMENT

The Deering Fire Department has had a very constructive year. 1985 has been a very busy year both in the number of responses and the work and training we have been continuing.

The Deering Fire & Rescue has made many advances in the training of our men and women over the past year. We have 6 new EMT's trained and certified and now have 9 of our members attending a State certification course for Fire Fighter I. Many of the members have also attended one and two day courses at Meadow Wood Fire School as well as other area schools.

I now have a membership of 36 men and women with more than 80% state certified. We have six trucks (3 pumpers - 3 tankers) and are in the process of bringing in an ambulance into service. We are bringing this ambulance on line because of problems with our neighboring towns not being able to service us any longer. We have support in this endeavor from both Hillsboro and Weare Fire & Rescue. The Deering Fire Rescue Company has worked many hours on this project and deserve a great deal of credit.

This past year we have been working on preplans of the Town and at present we are involved with the Historical Society trying to develop a local register of the Town's residents both for our use and that of the Historical Society.

The Board of Fire Wards and myself, as Chief of the Department, would like to express our thanks to the Town for its support of the Fire Department, also thank the residents for their efforts in "Fire Prevention" - it makes our job a lot easier. If at any time there is some question or suggestion to do with the Fire Department please feel free to contact me, the Fire Wards or the Selectmen. Your input is important.

William M. Edes
FIRE CHIEF

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

CONSERVATION COMMISSION REPORT

The Commission provided camperships for two Deering students, John Thyng, Jr. and Shawn Corliss, to the Youth Conservation Camp conducted by the Society For The Protection of New Hampshire Forests. Any Deering student who has completed 8th grade and is between the ages of 13 and 18, interested in attending the camp, should contact the Commission before May 1.

Deering Clean-up Day was held on April 28, 1985. Lunch was served at the Deering Community Church to the 19 participants.

A joint effort with the Deering Association resulted in laying out, marking and clearing a nature trail in the Gregg-Sleeper lots.

Water samples from 5 locations in Deering Reservoir were submitted to the N. H. Water Supply and Pollution Control Commission for analysis for the presence of fecal coliform. Test results showed 19 parts per 100 milliliters of water at the North Inlet. Other test locations showed levels of 9, 6 and 4 PP100ML, with a count of 0 at the recreation area by the dam. While all test results were considerably below the 240 PP100ML limit considered acceptable for swimming and fish habitat, water at 4 of the locations exceeded the limit of 1 PP100ML for untreated drinking water. The Commission plans to continue this water testing program on an annual basis.

Signs were placed on the boundary of the Aucoin Lot on North Road, designating it as land under the supervision of the Deering Conservation Commission.

DEERING CONSERVATION COMMISSION

PLANNING BOARD REPORT

The Deering Planning Board during the year of 1985 saw signs of the wave of development produced by industrial growth of surrounding areas. Industrial growth primarily in the Merrimack River Valley, has created a need for land and residential housing. Developers are now looking at Deering as a community to satisfy these needs. With the potential for major development a reality, the Planning Board has worked in conjunction with the Zoning Board of Adjustment on updated subdivision regulations and a Town Zoning Ordinance. The Deering subdivision regulations and zoning ordinance have been written to allow for the orderly and systematic development of Deering in accordance with the Master Plan.

State recodification of RSA's associated with Planning and Land Use Regulations forced a rewriting and updating of the existing subdivision regulations. The Planning Board generated the new regulations on a word processor, so updates in the future will be much faster and easier to make. A public hearing on the new regulations was held in January of 1986, comments from the public hearing were taken under board advisement and appropriately incorporated into the regulations.

During the year of 1985, 12 subdivision applications were received. Of the 12 applications submitted, 2 were major subdivisions containing more than 4 lots, 8 were minor subdivisions, and 2 were lot line adjustments. This compares with 3 applications for subdivision during the year of 1984. The board approved 11 subdivisions: 2 major subdivisions, 7 minor subdivisions and 2 lot line adjustments.

The Planning Board was solicited by the Central New Hampshire Regional Planning Commission for interest in supporting the newly reorganized commission. The Planning Board discussed membership issues and whether the board would create a warrant item for the 700 dollar membership fee.

The Planning Board has generated preliminary plans to update the Town Master Plan and will be getting involved in this activity over the spring and summer months. The Town's input will be solicited and concerned citizens who are interested are gladly asked to participate.

The Planning Board meets the second Wednesday of the month at 7:30 p.m. at the Town Hall, and attendance by concerned citizens is always welcome.

CHAIRMAN

ZONING BOARD OF ADJUSTMENT REPORT

The activity for the Zoning Board of Adjustment during 1985 has included five applications for variances; one to start a business which was approved and four for lot line adjustments. One of the four appeals was unnecessary as the proposed building addition was within the limits of the ordinance. Two of the others were approved and one denied. All decisions were made by a unanimous vote.

The balance of the year has been devoted to the formulation of a new ordinance as Interim Zoning, which was adopted April 19, 1984, will expire this March. The town has several options this year; extend Interim Zoning for one more year, adopt the new ordinance tailored to fit the needs of Deering proposed by the Planning Board, or do without zoning completely.

New Hampshire is the 15th fastest growing state in the nation. Deering will continue to share in this growth along with other rural communities. Zoning will be an essential element to control growth and to preserve property values.

James M. Wolf, Chairman
ZONING BOARD OF ADJUSTMENT

BUILDING INSPECTOR REPORT

For the year "1985" the amount of buildings in the Town of Deering was considerably higher than most realized it to be. There were 19 new homes; 11 additions; 6 porches; 2 decks; 14 storage sheds and 3 garages. And I do believe that there are others that have been built for which there have been no permits issued.

I have enjoyed serving as Building Inspector for the Town of Deering and most of all meeting all of you fine people that make this all possible.

Clayton Buker, Sr.
BUILDING INSPECTOR
